DOTHAN, ALABAMA, TUESDAY EVENING, FEBRUARY 28, 1911

NUMBER 145

DESIGNS TROY PASTORATE

ACTION OF REV. S. H. CAMPBELL SURPRISED FIRST BAPTIST CHURCH MEMBERS.

Troy, Ala., Feb. 27.—Rev. S. H. Campbell, pastor of the First Baptist Church here, resigned the pastorate at the morning service yesterday to take effect March 1 and asked that he same have immediate action. At the evening service, his resignation was accepted as requested.

What plans Mr. Campbell has made are not known. Several months ago he refused a call to Decatur, Ala. Dr. Campbell had charge of the First Baptist Church here for nearly four years and his resignation yesterday came as a complete surprise to the members of his church.

VISIT RECALLS SENSATION.

Mr. T. W. Lawton of Marion is in the city this week. Mr. Lawton's visit here recalls what seemed for awhile to be a tragedy of much mystery which occurred in Dothan about three years ago, when O. B. Lawton, then a travelling man, disappeared from the city and his suit cases were found near a creek a few miles from town. He is a brother of Mr. O. B. Lawton who figured in the sensation when he happened to the misfortune of having his samples cases stolen and thrown into the edge of a creek a few miles away from Dothan, thus leaving the impression that he had met with foul play. A thorough search of the surrounding woods was made and much excitement followed the discovery but nothing was found to enlighten the mystified officers until the next day the young travelling man was found in Boston, Ga., where he had gone the night before from Dothan. It developed later that his samples were stolen from the train and that the cases were thrown by the creek just to create a little "Leong Ling" mystery.

After you have gone to prayer meeting Wednesday evening, go to the home of Mrs. J. M. Newton on Headland avenue and enjoy the first cream of the season. For the benefit of the Headland avenue church pew fund. The ladies welcome you.

EXPERTS ENDORSE IT.

"Marion Harland," Mrs. Janet M. Hill, and Mrs. Sarah Tyson Rorer are among the cooking authorities whose names are familiar to almost every housewife. Each has her own distinctive methods of work, but it is interesting to note that on the all-important question of a cooking fat, they are unanimous in recommending Cottolene.

"Marion Harland" says of Cottolene: "It has given me complete satisfaction." Mrs. Hill says: "Very satisfactory, glad to recommend it." Mrs. Rorer says: "A much more healthful product than lard." With such authority behind it, every housekeeper will be safe in giving Cottolene a trial. It is pure and more wholesome than lard—and it is more economical, too, one-third less being required.

FALSE REPORT OF WEDDING.

The report in yesterday evening's issue of the Montgomery Journal to the effect that Miss Gussie Mae Stallings of this city and Mr. Burt Ison of Montgomery were married, was untrue and a correction of this is desired by friends and relatives of the couple.

The report grew out of a joke that was circulated here Saturday afternoon and the Journal correspondent hearing it, sent in the item.

Miss Stallings who is away attending the Womans College at Montgomery was spending Sunday and Monday at home here when the report was started. She resumed her school duties at the College today.

LIBRARY ASSOCIATION MEETING.

The annual business meeting of the Library Association was held at the Dothan Public Library Saturday afternoon February 25th.

The following officers and committees were appointed for the ensuing year:

President, Mrs. Wallace Hunter; Vice-President, Mrs. D. Crawford; Secretary, Mrs. J. J. Flowers; Treasurer, Mrs. J. S. Sherman; Librarian, Mrs. J. C. Hicks.

Advisory Board: Mrs. D. C. Carmon, Mrs. Mark Ellison, Mrs. S. O. Williams, Mrs. L. C. Edwards, Mrs. C. S. Tutwiler. Book Committee: Mrs. A. Y. Malone (Chairman), Mrs. Clifford Faircloth, Mrs. C. J. Faulk, Mrs. Eric Gellerscheid, Mrs. Albert King.

The report of the Librarian was indeed gratifying, showing decided growth both in numbers and interest of readers. Over two hundred volumes have been added to the library the past year. A hundred and seventeen of these were purchased from the fund contributed by the city council. Heretofore the library has been dependent on the uncertain revenue derived from local entertainments to buy books and pay Librarian. By the generous aid of the city council the past year, the library is placed on a definite business basis. The membership fee has been reduced from two dollars to one dollar a year which is no more than charged by many other and endowed libraries.

The library is daily expecting a new shipment of books and the Association will appreciate new memberships and renewals.

CALL FOR BOYS AND GIRLS.

All of the small boys and girls in Ward Two are requested to meet at the First Baptist Church Friday afternoon for the purpose of organizing a Junior League of the City Improvement Club.

Wait—for that car load of E. M. 1911 models. Something different will arrive this week. Phone 401 for a demonstration. C. R. Ballard, the automobile man.

Ever know a disagreeable old man who always begins the day by complaining about the weather?

MINISTRY OF FRANCE HAS WALKED OUT

PREMIER BRIAND TENDERS RESIGNATION OF ALL CABINET OFFICERS.

Paris, Feb. 27.—Premier Aristide Briand, who succeeded Clemenceau as head of the French cabinet on July 23, 1909 today tendered the resignation of his ministry to President Fallieres. On November 2 last Briand formally retired but a few hours later was restored to power and formed a new cabinet from which all elements not thoroughly in sympathy with his attitude on labor had been eliminated.

The situation at present is wholly different. The premier had declared himself weary of the bickerings of parliament and the intrigues of the groups nominally supporting him, and expressed the wish that he be relieved of the responsibility of government.

For a year and a half Briand had successfully combated the socialist parties with which he originally was affiliated, but on last Friday night, when he was attacked on the ground that he had not enforced the laws against the church congregations as set forth in the separation act, the government escaped censure by the slim majority of 10 votes. At a conference on Saturday the ministers determined to resign as soon as today's obsequies for General Brun, the minister of war had been held.

At 1:30 o'clock this afternoon the cabinet met at Elysee place with President Fallieres and soon afterwards the announcement of its retirement was made.

Retiring ministers are: Premier Briand, Justice, Girard, Foreign Affairs, Pichon, Marine, Admiral Boue-Laprevre, Public Instruction, Faure, Finance, Klotz, Commerce, Dupuy, Agriculture, Raymond, Colonies, Mout, Labor, Lafferre, Public Works, Puch.

General Brun, minister of war, died February 23. Later in the afternoon it was announced that President Fallieres had accepted the resignation of the cabinet.

DR. HARVEY WILEY TAKES A BRIDE.

Washington, Feb. 27.—Dr. Harvey W. Wiley of pure food fame today led to the altar Miss Anna Campbell Kellon, daughter of the late General Joseph Kellon. The wedding was a quiet affair in the bride's home. Elaborate gifts were received from all quarters of the country. Dr. and Mrs. Wiley left immediately after a wedding breakfast at a table on the North Main street.

T. Y. HAS LOST POPULATION.

Males Gained Only 861 in the Past Ten Years.

A special from Washington announces the population of Troy, Ala., as 4,661, against 3,977 ten years ago. This gives Troy an increase of 864 during the past ten years.

The report would have shown up much better but for the fact that Dothan has drawn upon Troy a population so much during that period. Hardly a street in Troy that hasn't several families from Troy living on it.

Dothan's population was given at a little over 7,109.

GIRLS ARE HURLED 35 FEET IN AIR

HORSE DRIVEN BY THEM RUNS AWAY DASHING BUGGY INTO TELEPHONE POLE

Roanoke, Ala., Feb. 27.—A shocking accident occurred in Roanoke Sunday afternoon while Miss Nell Floyd, the beautiful young daughter of Dr. W. G. Floyd, was out driving with her cousin, Miss Strickland, of Standing Rock.

The horse began to run down a long hill and the young ladies lost control of him and commenced screaming. The animal dashed the buggy against a telephone pole with terrific force. The momentum of the vehicle, so suddenly stopped, hurled the young ladies through the air a distance of thirty-five feet by actual measurement. Both were rendered insensible and Miss Floyd was found to be seriously injured. Her left arm was broken, wrist dislocated and shoulder badly bruised while her head and face were seriously bruised and lacerated. Miss Strickland, the smaller of the two, on hand at all times from same plant was not dangerously hurt.

LEE BROTHERS WILL CLOSE CAFE TONIGHT

Owing to the fact that the permit granted them to erect a tent in which they have been conducting a restaurant for the past few months expires tonight, Lee brothers will close their establishment tonight and go out of business until a building can be rented.

It has been impossible to lease a business house in the city for several months that is, one suitable for a business of this nature, and they went before the council and were granted a permit to open a cafe in the tent. The permit is out tonight at 12 o'clock, and this business will be forced to close for the second time on account of not being able to get building.

WARD FOUR MEETING.

The ladies of Ward Four will meet with Mrs. Cummings, Wednesday afternoon at 3:30 in the interest of the City Improvement Club. The attendance of every lady in the ward is desired.

ICE CREAM.

The Parkman Ice Cream Company, successors to the Dothan Ice Cream Company, are now ready to receive orders for ice cream. Full supply on hand at all times from same plant. Phone 102.

THIS BANDIT IS A BAD ONE

Pinkerton Men Declare One of White Sulphur Train Robber in Old Bill Miner, Famous Robber.

Chicago, Feb. 27.—That "Old Bill" Miner, second only to Jesse James in notoriety as a train robber, was one of the White Sulphur Springs, Georgia, bandits arrested at Gainesville, Ga., Thursday, was asserted at the identification bureau of the Pinkerton national detective agency. The robbery at White Sulphur Springs occurred February 18th. Several thousands dollars was stolen. Miner was famous for a decade as one of the "bad men" of the north-west. He was sentenced to life imprisonment several years ago at Vancouver, British Columbia, for robbing a Dominion express. Last August he escaped. Unless the Dominion authorities seek Miner's return he will be tried on the White Sulphur Springs charge.

While we never have regarded dancing as the original sin, the fact is that very few men dance just for the exercise they get out of the performance.

THURSDAY'S SPECIALS

MARCH 2ND

This is the day that we will give you the greatest bargains that you have ever had in ready-to-wear. You should not miss this bargain feast. We have a new line of goods that we wish to introduce and to do this we are willing to give you all the profit for one day.

The Banquet to Henry Clay in New Orleans in 1842 Cost \$100 per Plate

Never before had the historic old St. Louis Hotel, near the famous French Market Place, contained such an assemblage of beautiful women and famous men. Here it was that Henry Clay made his only speech in Louisiana, and with matchless eloquence paid a glowing tribute to the beauty of Southern women. Before and after this banquet the guests sipped the famous French Market Coffee, as was the custom in those days. Then this famous beverage could be had only at the French Market. Now you may serve it at your own table, for the old French Market blend is perpetuated by

The Same Unique Hygienic Roasting Process "There is but one French Market flavor"

You can obtain this rare coffee blend with all the enticing aroma and natural strength preserved, for we pack it in hermetically sealed cans. And it is untouched by human hands from plantation to the cup. Order from your grocer today. Try some, and you will agree that there is only one French Market flavor.

Telephone No. 119

Tuesday, February 28, 1911

The weather conditions are seldom ideal for all people.

So much dirt has been torn up in this town, till the dust is a nuisance, but there doesn't seem to be an ordinance against it.

There is no relief in telling your ailments to the public, and it may make some one else feel worse. Try to keep these little secrets for your doctor.

There is no special reason why the cane shouldn't be planted, so the place where it was bedded might be cleaned up and worked. This is a good time to plant cane.

When the dog wood blossoms we will be willing to risk what cold there is to follow. Same thing with the long keen North Carolina poplars. When they bud out you might go in for spring.

Any town with not too many rich people, nor too many poor people, ought to be a good town to live in. Any county, to be a good county, ought not to have too many big farmers. The farms should be small and cultivated by people who live on them. This is the condition in Houston county and in Dothan. We have a home-owning people, who are living here because they like it better than they do any other place.

As a rule people don't read what the legislature is doing till it gets to dicker with some bill that they feel interested in, because it is a local one. People should keep a closer tab on them however, and read all of those bills that are proposed. Some times jokers come up and get through, without any suspecting that it is loaded.

Automobile buyers are rapidly being supplied. They are being shipped in, and as soon as all who have the money to pay for them are supplied, there will be a chance for a newspaper man to buy one, paying part of it in advertising.

EDISON TALKS

Thomas Edison has had an audience so long when he has seen fit to talk, till it looks at times as if he had overworked the thing.

A year or two ago, he was going to have us all living on concrete houses that cost but little and yet we know of no one who has built and is occupying such a house.

It wasn't long ago that Edison predicted the going of the horse to make room for the more noisy, but not more reliable machine, the automobile. The horse is here yet. The machines are coming in every day—by the car load. The man who is able to buy an automobile, is usually a man who has been keeping horses. He realizes the uncertainty of things, so he keeps the horse. He even finds use for the horse at times, and the horse is really looking better, for he isn't overworked so much.

Really we haven't missed any horses, and the fancy priced animals sell right along. There will always be a few people who have old fashion ideas, and who will be willing to pay a good price for a good horse.

Mr. Edison is listened at when he talks. He is read when he writes, or hands out an interview, but he is slightly overworking these things.

If he doesn't quit talking so loose he will find that to get in the papers he will have to telephone the office to send a man down for his copy.

CONSERVING LABOR

There ought to be some way of conserving labor, if that term might be used.

The farmers of this county and all

other sections no doubt, find it hard to secure labor on the farm.

The oil mills and guano factories, which of late don't do much until the first of the year, take a good deal of labor from the farms. They run only a few months, and they pay enough for labor to draw it from the farms. Without the farm labor, the oil mills and the guano factories do not need to run.

The complaint of the farmer seems just. He says that the oil mills and guano factories could work up their stuff earlier in the season and be practically through when the spring work on the farms open up. Then labor could be had for the farms.

The mill man and the guano manufacturer ought to get together with the farmer, so as to utilize the labor at a season of the year when farms are not suffering. From the first of January to the first of May, many laborers are wanted on the farms. Prior to that time, the guano factories could have the rush of work off, as they started earlier in the season.

There may be some good reason why guano should not be made up earlier, but we know of none.

This question could be managed better than it is now, and a movement ought to be put on foot looking to that end.

CREDIT SYSTEM

This section of Alabama, a large part of it, at one time did business on a credit. Goods are wares bought in the spring, were paid for in the fall. Guano bought in the spring was paid for in the fall.

That has been changed to a great extent. We see more farmers paying cash, and getting the discounts. They pay cash for guano, and think nothing about it, except of the money they save by doing it. They pay cash for many of the mules and the wagons they buy. They find out that it is cheaper.

At one time the farmer was afraid to try to pay cash for items he needed on the farm during the year. He knew it would pay him to do it, but he was afraid he would lose the money, or spend it for a county fight, or something, and it would be gone when he went to pay his cotton choppers. It is not so now.

He isn't afraid of losing money, for he banks it and draws a check when he wants to pay it out. He has found out that he doesn't spend any more on the agent who wants to sell things. In other words, he has learned more of the value of a dollar during the last few years than he ever knew before.

The man in town has improved too. He once wanted credit as long as he could get, but compromised on paying the first of each month, where they insisted. In many instances now, people are paying their accounts weekly, or making none.

All of this helps helps.

All of this helps business.

We are all learning something every day.

GOOD REASONS TOO.

In a recent issue of the Tradesman appeared the following statement of reasons why a citizen should buy in his home city. In one of the cities of the smaller class this motto has been posted in street cars and in moving picture shows:

I Buy At Home.

Because my interests are here.

Because the community that is good enough for me to live in is good enough for me to buy in.

Because I believe in transacting business with my friends.

Because I want to see the goods.

Because I want to get what I buy when I pay for it.

Because my home dealer "carries" me when I am run short.

Because every dollar I spend at home stays at home and helps work for the welfare of the city.

Because the man I buy from stands back of the goods.

Because I sell what I produce here at home.

Because the man I buy from pays his part of the town, county and city taxes.

Because the man I buy from gives value received always.

Because the man I buy from helps support my school, my church, my lodge, my home.

Because, when ill luck, misfortune or bereavement comes, the man I buy from is here with his kindly expressions of greeting, his words of

GLOBE SIGHTS.

What some women don't know, they suspect.

It is our theory that a cheap cigar is never cheap enough.

In the eyes of some one every politician is a dirty politician.

The bigger the salary the harder it is to find anyone who can earn it.

Some men are so close that it makes them grouchy to lose money in a dream.

A pessimist's definition of an optimist is one who expects a good deal more than he gets.

No man courts an investigation in a loud tone of voice until people begin to find him out.

A doctor is about the only man who can lose sleep to a good advantage; he gets paid for it.

Ever know a woman who got as many buggy rides and flowers after marriage as before?

A man's private affairs are a great bore to all except gossips and the woman who loves him.

Don't spend too much time contemplating the failure of someone else if you yourself expect to succeed.

It seems that the only reason some married people live together is that they have gotten into the habit.

You may have noticed that the woman who knew you as an onery boy is usually possessed of a wonderful memory.

In the newspapers of the future the police court report, who can fight if he has to, will handle the marriage announcements.

You may think waiting for a train is a tiresome job, but that is because you never were a farmer waiting for rain during drought.

Outside of organized and loud-voiced pugilism, the man who talks a good deal about his fighting ability, doesn't fight much.

WHAT CURES ECZEMA?

We have had so many inquiries lately regarding Eczema and other skin diseases, that we are glad to make our answer public. After careful investigation we have found that a simple wash of Oil of Wintergreen, as compounded in D. D. D., can be relied upon. We would not make this statement to our patrons, friends and neighbors unless we were sure of it—and although there are many so-called Eczema remedies sold, we ourselves unhesitatingly recommend D. D. D. Prescription.

Because—We know that it gives instant relief to that torturing itch.

Because—D. D. D. starts the cure at the foundation of the trouble.

Because—It cleanses, soothes and heals the skin.

Because—It enables Nature to repair the ravages of the disease.

Because—The records of ten years of complete cures of thousands of the most serious cases show that D. D. D. is today recognized as the absolutely reliable Eczema cure.

Drop into our store today. Just to talk over your case with us.

N. H. McALLUM, DOTHAN, ALA.

INSURANCE FOR THE INTEREST ON THE PREMIUMS

The average person has an idea that legal reserve life insurance is expensive, when really it is the cheapest of all forms; in fact, it rarely ever costs more than the interest on the premium, for instance, a 20 payment life at twenty years of age will cost an average premium of \$28.78. For twenty years this would be \$535.22. Now, the company will return to the policy holder if he desires, \$555.22 which is the money he has paid out during the twenty years and \$20 additional. This means that he has had twenty years of insurance for less than the interest on his money.

The company I represent has been in business for sixty-three years and has over fifty million in assets. I will be glad to explain the plans to any one who is interested. Insurance on female lives at the same rate and under the same conditions as on male lives.

Success and Clothes

YOU HAVE NOTICED more and more of late years that the successful man was well appearing. The fact of the matter is that this is one of the prime reasons for his success.

His dress is correct to the smallest detail; whether it is fancy or odd or conservative it fits his personality and is characterized by the never failing asset of quality.

We have passed the point of simply trying to fit your pocket book and your figure. We fit your personality as well and thus goes a long ways towards making you successful. To say nothing of the superior values we give you for your money, as a business proposition you should determine the truth of this for yourself. We are ready to show you.

AN IMPAIRED APPETITE
Usually comes with Spring's balmy days, but no one can resist a tender, brown and juicy steak, or a dainty broiled chicken, NO matter how poor their appetite is. Meats from our shop look so delicious when they are cut and trimmed for your table here, and besides we know how to choose meats that will create an appetite in the most fastidious.

PAIGE COMPANY IS GREAT
The Mabel Paige Company this season is great and still lives up to the splendid reputation they have always enjoyed. The Batchelors Honymoon presented by this able troupe last night at the Elite Theatre was one of the hits of the season, each of the parts being assigned to those best fitted for them. It seemed that everybody in Dothan was present, as a majority of them and the entertainment needs no comment other than that of the appreciative audience that greeted them on their first night. Tonight The Game will be presented. Its prize winner said to be better than the entertainment of last night.

WOMAN PART HELP
Chandler Okla. In a letter from this place Mrs Ella Flowers says I hardly know how to thank you for the good that Cardui has done me. Before I tried Cardui I thought I was past help, but after taking it I was relieved at once and gained at least ten pounds. Everybody says I look so much better. I am still improving greatly. Many women are completely worn out and discouraged on account of womanly weaknesses. Are you? Have you not tried Cardui? It only needs a few days to convince you that Cardui will

Lost Hog. Black Six male, strayed from place last week. Reward for knowledge of him.
